

Parsippany-Troy Hills Township School District Parsippany, NJ 07054
Computer Acceptable Use Agreement
(Teachers/Administrators/Support Staff)

As stated in the New Jersey Department of Education Core Curriculum Standards, “All students will be expected to develop skills in the use of information, up-to-date educational technology, and other tools to improve learning, achieve goals, and produce products and presentations. They will learn to develop, locate, summarize, organize, synthesize, and evaluate information. Users will be expected to use technological tools, such as telecommunications networking, for problem-solving, writing, and research.” The Parsippany-Troy Hills Township School District (herein referred to as PTHSD) is committed to the goal of having computer facilities used in a responsible, efficient, ethical and legal manner to advance the educational goals of the district. All users must acknowledge their understanding of the general policy as a condition of using the facilities.

Access is a privilege, not a right. Access entails responsibility. Computer technology is provided for students and staff to conduct research and communicate with others, understanding that communications on the network are public in nature. Access to computer technology is given to users who agree to act in a considerate and responsible manner, just as they would be expected to act in any school environment following all Rules & Responsibilities set forth in the PTHSD Computer Acceptable Use Policy – April 2009 (available from the PTHSD-BOE), Policy #2361. The PTHSD reserves the right to review and update these policies and practices as the need arises.

Parental permission is required for student users. We only publish student identifiable information after receiving a signed parental permission form. Student work may be published on the web site using first names only.
