The Parsippany-Troy Hills Board of Education invites all employees and local residents to attend one of the two forums which are dedicated to establishing criteria for the selection of the district's next Superintendent of Schools. The Board seeks to solicit opinions about the strengths and leadership qualities the successful candidate should possess in order to lead our district beginning in July 2017.

In addition to the forums, community members, employees, and students are invited to provide confidential, anonymous input via an online survey:
